Projects

Hotel Management Website (Mar 2024 - May 2024)

A full-stack hotel management system for customer bookings and admin control.

- Built user login/register, room filtering, booking/cancellation system, and admin dashboard using PHP and MySQL.
- Designed a mobile-responsive UI using Bootstrap, focusing on usability and smooth session handling.

MERN E-commerce Website for Father's Business (Jul 2025 - Sep 2025)

Designed and developed a responsive e-commerce website for my father's men's fashion business.

- Built product catalog, customer authentication, cart, and order flow using MongoDB, Express.js, React.js, and Node.js.
- Implemented both frontend and backend modules with a mobile-friendly UI and business-focused usability for daily operations.

Certifications

- Alpha DSA with Java : Apna College (Shadha Khapra)
- The Complete Web Developer Course 3.0 : Udemy (31 hours, Rob Percival, Lodestars)
